SUPPLIER CODE OF CONDUCT

Purpose

This supplier code of conduct has been prepared to support the implementation of the supply chain policy of MSN Group. The purpose of the supplier code of conduct(supplier CoC) is to support the suppliers in understanding the sustainability expectations of MSN.

Scope

It applies to all suppliers associated with the MSN group. It applies to all the business activities of the supplier which may be related and can impact the business relationship and sustainability goals of MSN.

SUPPLIER CODE OF CONDUCT:

The code defines non-negotiable minimum standards that are to be adhered to by the suppliers when conducting business with MSN Group of companies and our goal is to work with suppliers who embrace and comply with the principles of the Code, and in turn, to have these Suppliers encourage compliance with such principles from any suppliers with whom they work in the delivery of goods or services for MSN Group of companies. Suppliers shall conduct business in alignment with the below:

Compliance with Applicable Laws & Agreements:

Suppliers must comply with the applicable laws, rules, regulations, and ethical standards applicable by the local government, where the company operates.

Business Principles & Ethics:

- * Prohibition of bribes, unlawful payments, and other corrupt practices.
- * Suppliers shall uphold the highest standards of integrity and transparency in all their transactions and interactions with MSN Group of companies.

Fair Competition:

Suppliers must comply with all applicable laws and regulations and shall conduct business in line with fair competition practices.

Accuracy of Business Records:

Suppliers records must be accurate in all materials respects and all relevant records, financial and operational must be made available to MSN Group of Companies, as per the terms and conditions of the agreement with MSN.

Conflict of Interest:

A conflict of interest arises when personal interests or activities influence or appear to influence, the ability to act in the best interest of the MSN Code of Ethical Conduct mandates that all employees be free from actual or potential conflict of interest. Suppliers must disclose any apparent or actual conflicts of interest of MSN Group of Companies management or MSN any reserve the rights to take any necessary action for the failure of doing so. If MSN Group of Companies management approves an apparent or actual conflict, the approval decision must be documented.

Gifts & Other Benefits:

Gifts and entertainment benefits to MSN employees or the group are strongly discouraged. As per MSN Group of Companies' internal policies should never accept or offer gifts, favors ,services, entertainment, money ,or other items of value that are intended to influence the judgment or actions of their suppliers.

Suppliers are discouraged from offering any kind of gifts or any other kind of personal to MSN Group of companies employees resulting from the relationships with suppliers. The Suppliers should be committed to working against all forms of corruption, Money, Gifts, Loans, and Rebates of Unreasonable value that are in non-compliance with all applicable Laws, Rules, and Regulations.

Child Labor:

Suppliers shall be engage or use any form of child labor in any of their processes or facilities and also ensure that their suppliers/contractors comply with the same strictly.

Suppliers shall have proper administrative systems in place to verify, without exception, the age of employees through nationally or internationally recognized identify documentation (birth certificates, passports, aadhar cards, etc.).

Employment Practices and Human Rights:

- * Suppliers shall follow the fundamental human rights like those specified by UNGC.
- * Suppliers must commit to a workplace free of harassment and should not threaten workers with or subject them to hash or inhumane treatment, including sexual harassment, sexual abuse, corporal punishment, mental coercion, physical coercion, verbal abuse, or unreasonable restrictions on entering or exiting company-provided facilities.
- * Suppliers should comply with all applicable employment laws and regulations, including payment to workers according to the applicable wage laws, including minimum wages, and mandated benefits by government regulations.

Data Protection and Privacy:

- * Suppliers shall safe ground and make only proper use of confidential information to ensure that company, worker, and patient privacy rights are protected.
- * Suppliers must immediately report any unauthorized processing, use, disclosure, destruction, alteration, access or loss, or suspected or actual breach of MSN Group of companies-related personal information on time, and following applicable data privacy laws.

Intellectual Property and Confidential Information:

- * Suppliers shall safeguard MSN Group of companies' intellectual property or confidential information or any other information that they may acquire concerning MSN Group of Companies business.
- * Any Unauthorized disclosure of MSN Group of Companies confidential information, whether inadvertent or not, shall be considered a breach of supplier CoC.

Safety & Health:

- * Suppliers must strictly comply with all regulatory requirements regarding employee safety, Suppliers must provide safe working environment for employees and adequate and appropriate personal safety equipment.
- * Suppliers are responsible for providing periodic safety awareness training, safety drills, or other types of safety training as required by the industry type and based on fire and safety regulations.
- * Suppliers are encouraged to implement best practices in health and safety as per international norms.

Environment:

Suppliers shall operate in an environmentally responsible and efficient manner in support of MSN Group of companies' efforts to do the same and to minimize adverse impacts on the environment. Suppliers are encouraged to conserve natural resources, minimize waste, and engage in activities that reuse and recycle.

Suppliers shall comply with all environmental laws and regulations in their country and/or region of operation. Suppliers shall obtain and maintain all required permits, licenses, and approvals pertaining to the environment.

Review: Periodically reviewed as necessary or once in three years to accommodate changes, if any
